The Administration on Aging (AOA) is the principal agency of the U.S Department of Health and Human Services designated to carry out the provisions of the Older Americans Act of 1965 (OAA), as amended (42 U.S.C.A. § 3001 et seq.). The OAA promotes the well-being of older individuals by providing services and programs designed to help them live independently in their homes and communities. The Act also empowers the federal government to distribute funds to the states for supportive services for individuals over the age of 60. Retrieve information from: www.aoa.gov/

The Substance Abuse and Mental Health Services Administration (SAMHSA) is the agency within the U.S. Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation. SAMHSA's mission is to reduce the impact of substance abuse and mental illness on America's communities. Retrieve information from: <http://www.samhsa.gov>
